First Aid Measures

Ingestion:

- Wash out mouth with water.
- Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- If material has been swallowed and the exposed person is conscious, give small quantities of water to drink.
- Do not induce vomiting unless directed to do so by medical personnel.
- Get medical attention if symptoms occur.

Eye Contact:

- Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids.
- Check for and remove any contact lenses.
- Get medical attention if irritation occurs.

Skin Contact:

- Flush contaminated skin with plenty of water.
- Remove contaminated clothing and shoes.
- Get medical attention if symptoms occur.

Inhalation:

- Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- Get medical attention if symptoms occur.

Protection of First-Aiders:

- No action shall be taken involving any personal risk or without suitable training.

Notes to Physician:

Treat symptomatically.

Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

Specific Treatments:

No specific treatment.

Potential Acute Health Effects:

Eye contact, skin contact, inhalation, ingestion: No known significant effects or critical hazards.

Over-Exposure Signs/Symptoms:

No specific data available for eye contact, skin contact, inhalation, or ingestion.
